Dear Parent/Carer

I hope this letter finds you well.

We would like to bring to your attention a small oversight that has been identified in the term dates for the upcoming 2023-24 academic year. This error impacts the dates for the summer term.

Upon careful review, we have realised that the previously published term dates for the summer term are not accurate. To ensure the smooth operation of our school calendar and to align with our academic requirements, we have had to make adjustments to these dates.

We want to assure you that this change has been made with careful consideration for the well-being and educational needs of our students. The new and corrected term dates for the 2023-24 academic year will be made available on our school's website and other relevant communication channels as soon as possible.

We understand that accurate term dates are essential for planning and organising your family's schedules and we sincerely apologise for any inconvenience this may cause. We greatly appreciate your understanding and flexibility as we work to rectify this situation.

If you have any questions or concerns regarding these revised term dates or any other school-related matters, please do not hesitate to contact me.

Thank you for your continued support and commitment to our school community. We look forward to a successful and productive academic year ahead.

Yours sincerely

Mr C Gissendorf
Principal
