

October 2023

Dear Parent

Y7 Tutor Groups

During the next half term there will be some changes to the year 7 tutor groups. All students have now completed their NGRT reading test, which has allowed us to identify all of those students who require extra intervention during tutor time.

The students in these specific groups will be based in a computer room and will be accessing a programme called Lexia Power Up.

If this affects your child, they will have been given a leaflet to take home with them and the details of their new group and tutor. Where possible, we are keeping the changes to a minimum.

Yours sincerely

Mrs L Johnson
**Senior Assistant Principal
Literacy and Standards**
