

2 May 2024

Dear Parent

As we approach the final two weeks before your child's Sport Science exam (Monday 20 May at 1.00 pm) we would like to make you aware of some ways your child can revise and the support we have put in place for them.

1 - Analysis of Mock Exam document.

Your child sat a mock exam before the Easter break in Sport (the January real paper). Your child has been provided with a document which shows how many marks were available for each question and the number of marks your child achieved for each question. The document also includes the topic that was being tested for each question. Your child needs to focus their revision on the topics they did not score full marks on.

2 - Exam walk- through video and exam paper.

We have created a video which walks through a past exam paper. The video introduces each question, explains how to answer each question, gives time for your child to answer the question and discusses the answers. Your child has been provided with a printed exam paper to complete as they watch the video. The video has been uploaded in their sport teams' group which they can access on a mobile phone, computer or tablet.

3 - Online Revision website – PE Classroom

We have paid for your child to have access to a set of revision resources on a website called PE Classroom. Your child has access to their own account – which was communicated to yourselves earlier in the academic year. The resources include videos, quizzes, information sheets and also 'examinator'. Examinator allows your child to complete exam questions and receive instant feedback through the use of AI.

4 - Revision guide

Your child was provided with a revision guide earlier in the academic year to take home. They can use this to cover all the topics, there are also questions in the back of the booklet which they can write in. It is also a really good way to be involved in your child's revision as you can use the booklet to ask your child questions.

5 - Lunch time revision sessions

We offer lunch time revision sessions for your child to access – your child has been informed of the days they can attend.

Cont'd

6 - Evening revision session

Your child's sport exam is on Monday 20 May at 1.00 pm. We will be offering an after school revision session on **Friday 17 May from 3.10 pm – 6.00 pm** at the Skegness Academy. This session will be delivered by your child's sport teachers and your child will also be provided with food as part of the evening of revision.

7 – Attendance to lessons.

It is crucial your child is in school 100% of the time as we are in the final few lessons before the exam. We will be covering key concepts and past exam questions to help your child be fully prepared.

The exam unit will contribute to 40% of your child's overall Sport grade and is therefore crucial your child achieves the highest possible grade. Your child's exam score will be combined with the scores they have achieved in their two coursework units to produce their overall grade.

I hope we can continue to work with you in order for your child to achieve their maximum potential.

If you have any questions regarding any aspect of your child's OCR sport course or any of the revision methods discussed above, please do not hesitate to contact us at the Academy on 01754 879122, email jmaycock@skegnessacademy.org or hwillis@skegnessacademy.org

Yours sincerely

J Maycock
