

2 May 2024

Dear Parent

I am writing to you regarding your child's Pearson BTEC Level 3 course in Children's Play, Learning and Development.

As you will be aware it is a requirement for your child to complete a Paediatric First Aid course to achieve the **full** Early Years Educator qualification. This qualification secures a licence to practice and without your child participating in the one-day course they will not be able to certificate and work as a qualified practitioner.

Therefore, it is imperative that your child attends the First Aid training day scheduled for Thursday 23 May 2024 during normal school hours of 8.35 am to 3.10 pm. We will not be able to facilitate this training on another day, this is the only day available, and we must train as a whole class of learners, this course cannot be completed individually.

On the training day students can wear either their PE kit or a tracksuit whatever they are more comfortable in, as they will be conducting practical assessments.

I look forward to seeing your child on Thursday 23 May to ensure they achieve and complete their **full** qualification in Children's Play, Learning and Development.

Please do not hesitate to contact me should you require further information either on the above number or alternatively via email at [sburgin@skegnessacademy.org](mailto:sburgin@skegnessacademy.org).

Yours sincerely

Mrs S Platts  
**Head of Child Development and  
Health & Social Care**
